

TECHNICAL DATA SHEET

GLASS CLEANER

Glass Cleaner is a perfumed coloured liquid that is non-tainting. The high specification formula of this material allows the removal of a wide variety of contaminates such as nicotine, atmospheric grime, oily deposits, finger marks and dust.

USES : Designed for use on most types of glass, mirror, plastic and hard surfaces such as chrome and laminates. It is therefore ideal for use in the double glazing, automotive and hotel industries and for use around the home.

PACKAGING :

- 1 Litre packed 1 x 12
- 5 Litre packed 1 x 4
- 25 Litre packed in singles

APPLICATION : Hold the bottle upright approximately 15 – 25 cm away from the surface to be cleaned. Lightly spray the cleaner and dry using a suitable clean soft absorbent and lint free cloth, for a bright sparkling clear finish.

HEALTH & SAFETY : Keep out of the reach of children. Avoid contact with skin and eyes. Dispose of empty packaging correctly.

STORAGE : Store in cool, well ventilated, dry conditions. Shelf life 12 months. It is the user's responsibility to dispose of all packaging correctly.

LIABILITY : The information given is the result of our tests and experiences and is believed to be accurate and reliable. However as Leading Solvent Supplied Limited cannot know all the used its products may be put to, and as application methods are out of our control it is the users responsibility to determine suitability of use.
