

## König Hard Wax 141 000

### Intended Use

- For the repair of minor and medium-severe damage on a flat surface or on edges.
- Suitable for surfaces subject to medium-severe use.
- For indoor use on solid wood, veneer, foil, thermo-setting, thermoplastic and plastic surfaces.

### Characteristics

- Mixture of mineral waxes coloured with earth and oxide dyes.
- Good adhesion properties.
- Colour shades can be mixed together during melting.
- Can easily be stripped off with the Special Fillers Applicator, a chisel or the Metal Planer.
- Good elasticity (no development of cracks).

### Application Notes

Remove all loose and splintered parts and indent damage edges with a sharp chisel or with the tip of the Metal Planer 406. Use König Touch-Up products to colour damaged edges that are lighter than the base colour.

Melt off small quantities of Hard Wax using the hot tip of the Electric Heater 440 or the Hot Knife 439 and fill melted wax into the damaged area.

**Important:** Take care not to set the temperature of the heater too high. Use the Special Fillers Applicator 161500 to plane off excess filler while it is still warm using light pressure (sharp grooves on the flat surface, round grooves at edges).

Rapidly wipe off excess wax with the 1500 grit Sanding Pad using light pressure.

Replicate the grain pattern with König Touch-Up materials. Pores can be restored by slightly scratching (e.g. with an upholstery needle).

Finally, apply Special Repair Lacquer PLUS 336-340 to seal and to protect the repaired area from dust and dirt and to adjust the sheen level, if necessary.

### Physical Properties and Shelf Life

<b>Softening point:</b>	76°C	(ISO 2207)
<b>Dropping point:</b>	81°C	(DIN 51801)
<b>Mechanical stability:</b>	good.	
<b>Overcoat:</b>	with all König lacquers.	
<b>Adhesion:</b>	good adhesion to all plastics, soft and hard woods.	
<b>Shelf life:</b>	unlimited (stored at room temperature, in unopened original container)	

### Safety Precautions

- The product is neither subject to the Hazardous Freight Regulations nor to the Dangerous Substances Directive.

### Disposal

- No special disposal regulations to be observed. Can be disposed of with normal household waste.

### Packaging

10 x 8 cm sticks, in cardboard box  
20 x 8 cm sticks, in cardboard box  
Standard and special colour shades
