

Intended Use

- For the opaque colouring of closed surfaces in the wood, plastic and metal sector.
- For a quick uncomplicated colouring of corners, edges and grooves.
- For the touch-up of flaws.
- For indoor and outdoor use.

Characteristics

- Pigmented covering lacquer based on acrylic.
- Dries rapidly.
- High opacity.
- Overcoatable with all König touch-up and aerosol lacquers.
- Good adhesion to many lacquer, plastic and metal surfaces (not to Soft-PVC).
- Limited PVC resistance (door and window gaskets).
- Good lightfastness and weather-resistance.

Application Notes

Shake pen well for at least 10 secs – rattle of mixing balls must be heard. Take off cap, hold pen upside down and briefly de-aerate by pressing with thumb and forefinger on the lower part of the housing (pressure adjusting is audible). Hold pen with tip pointing downwards and press slightly until tip is soaked with dye. Touch-up with rapid strokes. When used in outdoor environments, it is vital to apply thicker layers of lacquer. When working on windows and doors, do not use in the gasket area. When lacquer ceases to flow well, press again. Replace cap after use. Areas to be treated must be free of dust, grease and silicone. Dried-up tips can be washed out in nitrocellulose thinner. If pen has not been used for a long time or where pigment separates at the tip just replace with a new tip. For more information, please see instructions for use.

Physical Properties and Shelf Life

Processing:	at 18-25°C and 55-65% RH
Dust-dry:	after approx. 1-2 minutes
Touch-proof:	after approx. 2-5 minutes (dependent on room temperature and layer thickness)
Lightfastness:	good
Weather resistance:	good
Shelf life:	minimum 2 years (stored at room temperature, in unopened original container)

Safety Precautions

- Highly flammable.
- Irritant.
- Keep away from sources of ignition – No smoking.
- Do not breathe vapour.
- Use only in well-ventilated areas.
- For professional use only.

Extract of wordings of the law. For further information, please see label and Material Safety Data Sheet.

Disposal

- Do not allow product to enter drains or watercourses.
- Dispose of pens with the normal household waste only, when completely empty or dried out.
- Leftover material to be disposed of according to the European Waste Code 080111 – *waste paint and varnish containing organic solvents or other dangerous substances*.
- For more detailed information, please refer to the Material Safety Data Sheet for this product or ask your local waste industry office.

Packaging

Single pen
Assortment of 5
Assortment of 10
Standard and special colour shades
Spare tips – unit of 10
