

## SAFETY DATA SHEET

## BCAHV

According to Regulation (EC) No 1907/2006, Annex II, as amended by Regulation (EU) No 453/2010

| SECTION 1: Identification of the substance/mixture and of the company/undertak | ing |
|--|-----|
|--|-----|

#### 1.1. Product identifier

Product name BCAHV

**Container size** 20g,50g,100G,500G

1.2. Relevant identified uses of the substance or mixture and uses advised against

Identified uses Adhesive.

1.3. Details of the supplier of the safety data sheet

Supplier

Whizzle Ltd Unit C, Three Pillars Business Park Station Road Sutton, Ely Cambridgeshire CB6 2RU +44 (0)1353 775775 +44 (0)1353 777007 sales@whizzle.it

#### 1.4. Emergency telephone number

**Emergency telephone** +44 (0)1299 269269

SECTION 2: Hazards identification

| 2.1. Classification of the substance or mixture |   |
|---|---|
| Classification                                  |   |
| Physical hazards                                | Not Classified  |
| Health hazards                                  | Skin Irrit. 2 - H315 Eye Irrit. 2 - H319 STOT SE 3 - H335 |
| Environmental hazards                           | Not Classified  |
| 2.2. Label elements                             |   |
| Pictogram                                       |   |
| $\land$   |   |

Signal word

Signal word Warning Hazard statements H315 Cause H310 Cause

H315 Causes skin irritation. H319 Causes serious eye irritation. H335 May cause respiratory irritation.

| Precautionary statements  | P261 Avoid breathing vapour/spray.  |
|---------------------------|---|
|                           | P264 Wash contaminated skin thoroughly after handling.  |
|                           | P271 Use only outdoors or in a well-ventilated area.  |
|                           | P280 Wear protective gloves/protective clothing/eye protection/face protection.                     |
|                           | P302+P352 IF ON SKIN: Wash with plenty of water.  |
|                           | P304+P340 IF INHALED: Remove person to fresh air and keep comfortable for breathing.                |
|                           | P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove                  |
|                           | contact lenses, if present and easy to do. Continue rinsing.  |
|                           | P312 Call a POISON CENTER/doctor if you feel unwell.  |
|                           | P321 Specific treatment (see medical advice on this label).   |
|                           | P332+P313 If skin irritation occurs: Get medical advice/attention.                                  |
|                           | P337+P313 If eye irritation persists: Get medical advice/attention.                                 |
|                           | P362+P364 Take off contaminated clothing and wash it before reuse.                                  |
|                           | P403+P233 Store in a well-ventilated place. Keep container tightly closed.<br>P405 Store locked up. |
|                           | P501 Dispose of contents/container in accordance with national regulations.                         |
|                           | i bor Dispose of contents/container in accordance with hallonal regulations.                        |
| Supplemental label        | EUH202 Cyanoacrylate. Danger. Bonds skin and eyes in seconds. Keep out of the reach of              |
| information               | children.   |
| Contains                  | ethyl 2-cyanoacrylate   |
| 2.3. Other hazards        |   |
| SECTION 3: Composition/in | formation on ingredients  |
| 3.2. Mixtures             |   |
| ethyl 2-cyanoacrylate     | 60-100%   |
| CAS number: 7085-85-0     | EC number: 230-391-5  |
| Classification            |   |
| Skin Irrit. 2 - H315      |   |
| Eye Irrit. 2 - H319       |   |
| STOT SE 3 - H335          |   |
| 3101 3E 3 - 11333         |   |

The full text for all hazard statements is displayed in Section 16.

| SECTION 4: First aid measures          |  |
|--|--|
| 4.1. Description of first aid measures |  |
| General information                    | Get medical advice/attention if you feel unwell.   |
| Inhalation                             | Move affected person to fresh air at once. Get medical attention if any discomfort continues.  |
| Ingestion                              | Ensure that breathing passages are not obstructed. The product will polymerise immediately in the mouth making it almost impossible to swallow. Saliva will slowly separate the solidified product from the mouth (several hours).   |
| Skin contact                           | If adhesive bonding occurs, do not force skin apart. It may be gently peeled apart using a blunt object such as a spoon, preferably after soaking in warm soapy water. Cyanoacrylates give off heat on solidification. In rare cases a large a large drop will generate enough heat to cause a burn. Burns should be treated normally after the adhesive has been removed from the skin if lips are accidentally stuck together apply warm water to the lips and encourage maximum wetting and pressure from saliva inside the mouth. Peel or roll lips apart. Do not try to pull apart with direct opposing action. |

| Eye contact  | If the eye is bonded closed, release eyelashes with warm water by covering with wet pad.<br>cyanoacrylate will bond to eye protein and will cause periods of weeping which will help to de-<br>bond the adhesive. Keep eye covered until de-bonding is complete, usually within in 1-3 days.<br>Medical advice should be sought in case solid particles of cyanoacrylate trapped behind the<br>eyelid cause any abrasive damage.   |  |
|--|--|--|
| 4.2. Most important symptoms   | s and effects, both acute and delayed  |  |
| General information  | Treat symptomatically.   |  |
| 4.3. Indication of any immediate medical attention and special treatment needed  |  |  |
| Notes for the doctor   | Apply a pad soaked in warm water and allow the eyelids to separate. If adhesive bonding occurs, prise the skin apart slowly, working from the edge of the bonded area. Treat symptomatically.  |  |
| SECTION 5: Firefighting mean   | sures  |  |
| 5.1. Extinguishing media   |  |  |
| Suitable extinguishing media   | Extinguish with foam, carbon dioxide or dry powder.  |  |
| 5.2. Special hazards arising fr  | rom the substance or mixture   |  |
| Specific hazards   | The product is not flammable. Trace amounts of toxic fumes may be released on incineration and the use of breathing apparatus is recommended.  |  |
| 5.3. Advice for firefighters   |  |  |
| Protective actions during<br>firefighting  | Trace amounts of toxic fumes may be released on incineration and the use of breathing apparatus is recommended.  |  |
| SECTION 6: Accidental release  | se measures  |  |
| 6.1. Personal precautions, pro   | otective equipment and emergency procedures  |  |
| Personal precautions   | Avoid contact with skin and eyes. Provide adequate ventilation.  |  |
|  |  |  |
| 6.2. Environmental precautior  | IS   |  |
| 6.2. Environmental precaution Environmental precautions  | The product is biodegradable.  |  |

## 8.1. Control parameters

### Occupational exposure limits

### ethyl 2-cyanoacrylate

Short-term exposure limit (15-minute): WEL 0.3 ppm 1.5 mg/m<sup>3</sup>

WEL = Workplace Exposure Limit

#### 8.2. Exposure controls

Protective equipment

Eye/face protectionWear eye protection.Hand protectionWear protective gloves made of the following material: Polyethylene. polypropylene Do NOT<br/>use Polyvinyl chloride (PVC). Rubber (natural, latex). nylon cotton

### SECTION 9: Physical and Chemical Properties

#### 9.1. Information on basic physical and chemical properties

| Appearance                                      | Liquid.  |
|---|--|
| Colour  | Clear.   |
| Odour   | Characteristic.  |
| Odour threshold                                 | No information available.  |
| рН  | Not applicable.  |
| Melting point                                   | No information available.  |
| Initial boiling point and range                 | 96-150°C   |
| Flash point                                     | 85°C   |
| Evaporation rate                                | Not available.   |
| Flammability (solid, gas)                       | Not applicable.  |
| Upper/lower flammability or<br>explosive limits | No information available.  |
| Vapour pressure                                 | .293 mm Hg   |
| Vapour density                                  | No information available.  |
| Relative density                                | No information available.  |
| Solubility(ies)                                 | Insoluble in water. Soluble in the following materials: Acetone. |
| Partition coefficient                           | No information available.  |
| Auto-ignition temperature                       | No information available.  |
| Decomposition Temperature                       | No information available.  |
| Explosive properties                            | No information available.  |
| 9.2. Other information                          |  |
| Other information                               | None.  |
| SECTION 10: Stability and rea                   | activity   |

| 10.1. Reactivity                          |   |
|---|---|
| Reactivity                                | Polymerisation will occur in the presence of moisture and other basic materials.  |
| 10.2. Chemical stability                  |   |
| Stability                                 | Stable at normal ambient temperatures and when used as recommended.   |
| 10.3. Possibility of hazardous i          | reactions   |
| Possibility of hazardous reactions        | Polymerisation will occur in the presence of moisture and other basic materials.  |
| 10.4. Conditions to avoid                 |   |
| Conditions to avoid                       | None known.   |
| 10.5. Incompatible materials              |   |
| Materials to avoid                        | Moisture.   |
| 10.6. Hazardous decompositio              | n products  |
| SECTION 11: Toxicological inf             | ormation  |
| 11.1. Information on toxicologie          | cal effects   |
| Toxicological effects                     | Considered low toxicity.  |
| Acute toxicity - oral<br>ATE oral (mg/kg) | 4,198.15281276  |
| Inhalation                                | Vapours may irritate eyes and respiratory system May cause inhalation hypersensitivity (occupational asthma) in sensitive individuals.    |
| Ingestion                                 | Cyanoacrylates are considered to have relatively low toxicity. It is almost impossible to swallow as it rapidly polymerises in the mouth. |
| Skin contact                              | Bonds skin and eyes in seconds. May cause skin irritation.  |
| Eye contact                               | Bonds skin and eyes in seconds. In a dry atmosphere vapours may cause irritation and lachrymatory effect.                                 |
| SECTION 12: Ecological Inform             | nation  |
| Ecotoxicity                               | There are no data on the ecotoxicity of this product.   |
| 12.1. Toxicity                            |   |
| Toxicity                                  | Low   |
| 12.2. Persistence and degrada             | bility  |
| Persistence and degradability             | The product is biodegradable.   |
| 12.3. Bioaccumulative potentia            | 1<br>   |
| Bioaccumulative potential                 | No data available on bioaccumulation.   |
| Partition coefficient                     | No information available.   |
| 12.4. Mobility in soil                    |   |
| Mobility                                  | The product is insoluble in water.  |
| 12.5. Results of PBT and vPvE             | 3 assessment  |

| Results of PBT and vPvB assessment   | This product does not contain any substances classified as PBT or vPvB.   |
|--|---|
| 12.6. Other adverse effects  |   |
| Other adverse effects  | None known.   |
| SECTION 13: Disposal conside   | erations  |
| 13.1. Waste treatment method   | S   |
| General information  | Dispose of waste to licensed waste disposal site in accordance with the requirements of the local Waste Disposal Authority.   |
| Disposal methods   | Dispose of waste product or used containers in accordance with local regulations  |
| SECTION 14: Transport inform   | nation  |
| General  | The product is not covered by international regulations on the transport of dangerous goods (IMDG, IATA, ADR/RID).  |
| 14.1. UN number  |   |
| Not applicable.  |   |
| 14.2. UN proper shipping name  | 9   |
| Not applicable.  |   |
| 14.3. Transport hazard class(e   | s)  |
| No transport warning sign requ   | lired.  |
| 14.4. Packing group  |   |
| Not applicable.  |   |
| 14.5. Environmental hazards  |   |
| Environmentally hazardous sul  | bstance/marine pollutant  |
| No.  |   |
| 14.6. Special precautions for u  | ser   |
| Not applicable.  |   |
| 14.7. Transport in bulk accordi  | ng to Annex II of MARPOL73/78 and the IBC Code  |
| Transport in bulk according to<br>Annex II of MARPOL 73/78<br>and the IBC Code | Not applicable.   |
| SECTION 15: Regulatory infor   | mation  |
| 15.1. Safety, health and enviro  | nmental regulations/legislation specific for the substance or mixture   |
| EU legislation   | Regulation (EC) No 1272/2008 of the European Parliament and of the Council of 16<br>December 2008 on classification, labelling and packaging of substances and mixtures (as<br>amended).<br>Regulation (EC) No 1907/2006 of the European Parliament and of the Council of 18<br>December 2006 concerning the Registration, Evaluation, Authorisation and Restriction of |
|  | Chemicals (REACH) (as amended).   |
|  | Dangerous Prenarations Directive 1000/15/EC   |

Dangerous Preparations Directive 1999/45/EC.

## 15.2. Chemical safety assessment

No chemical safety assessment has been carried out.

PRECAUTIONS: This product and the auxiliary materials normally combined with it are capable of producing adverse health effects ranging from minor skin irritation to serious systemic effects. None of these materials should be used, stored, or transported until the handling precautions and recommendations as stated in the Material Safety Data Sheets (MSDS) for this and all other products being used are understood by all persons who will work with the product.

WARRANTY: All products purchased from or supplied by Bondloc are subject to terms and conditions set out in the contract. Bondloc warrants only that its product will meet those specifications designated as such herein or in other publications. All other information supplied by Bondloc is consider accurate but are furnished upon the express condition the customer shall make its own assessment to determine the product's suitability for a particular purpose. Bondloc makes no other warranty, either express or implied, including those regarding such other information, the data upon which the same is based, or the results to be obtained from the use thereof; that any product shall be merchantable or fit for any particular purpose; or that the use of such other information or product will not infringe any patent.
