

# Plastic wall plugs

## Suitable for

Multiple masonry fixing applications.

## Sizes

Yellow (Screw size: 4,6)

Red (Screw size: 6,8,10)

Brown (Screw size 10,12,14)

Blue (Screw size: 14,16,18)

We use virgin material that ensures perfect quality with tremendous holding or binding properties giving less likelihood of hole spin. Also using grade A polymer reduces the plug from splitting or cracking in extreme temperatures.

## Packaging

Plastic wallplugs are available two ways:

1. Packed in boxes of 100 (10 screws of 10 plugs) per box with neutral design. (Your own company logo, to complement your product range is available for large users). The boxes are packed in sleeves of 1000, then in outers of 10,000.
2. Wall plugs can be cut from the spew (loose) in polythene bag, (different quantities for different colours).

## Delivery

Within the week for UK mainland from our extensive stocks at Ripponden, West Yorkshire.

## Product Data

Plastic Plug	Box Quantity	Sleeve Quantity	Outer Quantity Required	Drill Hole Size	For Screw
Yellow	100	1000	10000	5/ 5.5mm	4 & 6
Red	100	1000	10000	5.5mm	6, 8 & 10
Brown	100	1000	10000	7mm	10, 12 & 14
Blue	100	500	2500	10mm	14, 16 & 18

## Plastic Plug Performance Data

Density	Material	Type	Gauge	Yellow	Red	Brown
20Nmm <sup>2</sup>	Brick	WoodScrew	4	20kg
